SHORT DECK

The object of Short Deck is to make a better five-card poker hand, using any combination of hole cards and community cards, than your opponents to win the pot. The deck consists of thirty-six (36) cards. The 2's, 3's, 4's, and 5's are removed. An Ace is still both the highest and lowest card in rank. Therefore, the holding of 9-8-7-6-A is a Straight.

The rank of hands is as follows:

Royal Flush
Straight Flush
Four of a Kind
Flush
Full House
Straight
Three of a Kind
Two Pair
One Pair
High Card

The play of the game is as follows:

- A Dealer Button is used to represent the Player in the Dealer position; the Dealer Button rotates clockwise after each hand, changing the position of the Dealer and blinds.
- Each player is required to post an ante which is half the size of the button ante. For example, in 200-400 NLHE, each player posts 200 and the button posts 400.
- Action always starts in the position to the left of the button.
- The Dealer deals each player their own two (2) cards face-down.
- The first betting round takes place.
- The Dealer burns a card, then turns over three (3) community cards face-up (the flop).
- The second betting round takes place.
- The Dealer burns another card, and then turns over one (1) more community card (the turn or fourth street).
- The third betting round takes place.
- The Dealer burns another card, then turns over one (1) final community card (the river or fifth street).
- The last betting round takes place.
- The showdown then takes place with all players who still have cards showing their hands.
- The best high hand is awarded the pot by the Dealer.

Day 1 - Start at 12:00 p.m.

Flips will run continuously until a final flip is announced at ~4pm.

Single table Flip & Go flights also available on demand starting July 13 in the Paris Ballroom.

Players may enter multiple Single Table Flip & Go's or on day of event but can only qualify for the restart once and may not re-enter after qualifying.

The first hand of each flight is played pineapple style where players discard one of their hole cards after the flop and everyone is all-in w/1 player advancing/table, followed by a standard tournament structure played as No-Limit Hold'em. If there is a split on the first hand, play will continue with all existing players being all-in each hand until 1 player remains.

- Win your table and you are in the money.
- Restart for all remaining players will resume at 7:00 p.m. on Friday, July 14.
- Play will continue for 12 levels.
- 20-min breaks every 4 levels

Day 2:

12:00 noon restart

Play down to a winner

15-min breaks every 4 levels

Dinner Break TBD

In the event the final table of this event gets selected for live streaming, management reserves rights to adjust schedule as needed to accommodate.

SHORT DECK

The object of Short Deck is to make a better five-card poker hand, using any combination of hole cards and community cards, than your opponents to win the pot. The deck consists of thirty-six (36) cards. The 2's, 3's, 4's, and 5's are removed. An Ace is still both the highest and lowest card in rank. Therefore, the holding of 9-8-7-6-A is a Straight.

The rank of hands is as follows:

Royal Flush
Straight Flush
Four of a Kind
Flush
Full House
Straight
Three of a Kind
Two Pair
One Pair
High Card

The play of the game is as follows:

- A Dealer Button is used to represent the Player in the Dealer position; the Dealer Button rotates clockwise after each hand, changing the position of the Dealer and blinds.
- Each player is required to post an ante which is half the size of the button ante. For example, in 200-400 NLHE, each player posts 200 and the button posts 400.
- Action always starts in the position to the left of the button.
- The Dealer deals each player their own two (2) cards face-down.
- The first betting round takes place.
- The Dealer burns a card, then turns over three (3) community cards face-up (the flop).
- The second betting round takes place.
- The Dealer burns another card, and then turns over one (1) more community card (the turn or fourth street).
- The third betting round takes place.
- The Dealer burns another card, then turns over one (1) final community card (the river or fifth street).
- The last betting round takes place.
- The showdown then takes place with all players who still have cards showing their hands.

- The best high hand is awarded the pot by the Dealer.
