

# Toke Information

There will be 3 different dealer classifications; each job has a different toke or toke rate policy.

Dealers will be identified and tracked based on the assignments for the day. Actual tokes or toke rates will be added to dealer's check with tax withheld and reported according the federal regulations.

**WSOP Tournament:** The tokes are a combination of a percentage of the buy in and tokes left at the cage when players pick up their winnings. The tokes are counted and split by downs. This will be paid weekly.

**“Single Table Satellite Games (STS)”:** Dealers will make approximately \$15-\$25 (paid on check) per Satellite dealt, depending on price of satellite. Dealers may cash out and take home all hand in tokes they receive for dealing a single table. You will be taxed on **\$10 an Hour** for all time dealing single table satellite games.

**Live Action Poker Room Games:** During the WSOP the Poker room is moved to the main WSOP Tournament Room.

Dealers will carry a toke box, cash out and take home all hand in tokes each day. Dealers **MUST** adhere to toke compliance rate. This is regular live action poker play and you will get the regular IRS toke compliance hourly rate added to your paycheck. (see rates below)

## IRS Rates June 1- June 30
