

LIVE SATELLITES AT THE RIO HOTEL DURING THE WSOP

During the 2013 WSOP at the Rio All-Suite Hotel & Casino in Las Vegas, there are multiple, daily tournaments in which you can enter, where if successful, your award will be tournament chips good for use in any of the 62 WSOP gold bracelet events.

All of these satellite tournaments take place inside the Pavilion Ballroom in the Rio Convention Center area. You can register for these events directly at the cage located in the Pavilion.

Beginning **May 29, 2013** and continuing through **July 8**, players have the option to compete in single-table satellites, mega-satellites and turbo-mega satellites.

What is the right satellite for you? It depends. The most affordable ones are mega-satellites where more players participate and more chances to win seats to a gold bracelet event are available. If you are short on time, a single-table satellite or turbo satellite is right for you. Single table satellites feature only one table of players. Win that table and you win the seat. It's that simple. Turbo satellites feature quicker blind levels, thus speeding up the event.

Prices to enter WSOP satellites at the Rio start at just \$75.
