### ALAN KATSNELSON WINS FIRST EVENT OF THE SERIES

*He claims his first Circuit ring in his first WSOP Circuit cash*

Alan Katsnelson just claimed his first Circuit ring in his first WSOP Circuit cash after taking down the first event of the Seminole Coconut Creek Circuit series, Event #1: \$400 No-Limit Hold'em. It is Katsnelson's first recorded victory and it is worth \$16,189.

"It means a lot. I had my family members put up for me so I'm just happy to do it for them. I won it for my family."

Katsnelson came into the final table with an average stack, but his patience paid off.

"I just had to pick my points. I was kind of card dead at the beginning. I finally got a hand, doubled up, then I pushed all in with ace-seven and I got two callers. Luckily nobody had an ace. I hit the ace and I tripled up."

Although Katsnelson only plays poker for fun, he plans to stick around and try to repeat his success.

"I will be here tomorrow, and I will be here Saturday."
