Chuck Breslin Takes Home First WSOP Circuit Gold Ring at Horseshoe Casino, Southern Indiana

Chuck Breslin tops 506 player field in \$400 Monster Stack NLH

Chuck Breslin has taken down Event #6: \$400 Monster Stack No-Limit Hold'em, defeating 506 entries for \$33,922 at Horseshoe Casino, Southern Indiana.

Bagging second in chips on Day 1, Breslin started Day 2 with 857,000 in chips. He managed to hold onto his chips throughout the day, making it to the final table in the middle of the pack with 1,200,000.

It wasn't an easy day though he explains, "I had a very up-and-down day. I started the day with 857,000 and was down to as low as 495,000. I had a lot of difficult decisions, and ended up throwing those hands away."

The final table lasted a little over 5-hours with most of the player five-handed or less. "Once we got five-handed, I knew whoever wins that ring earned it," he said. It took a little over an hour before Michael Bodner was sent to the rail in fifth place.

Breslin found himself with a substantial chip advantage when he made it heads up against Charlie Dawson. After a short while Dawson had chipped up a fair amount, until he ran into Breslin's pocket jack's and was eliminated in second place.

Being a dual rate supervisor and dealer, Breslin doesn't get a lot of free time to play poker. "I didn't play a single hand from April until August and then I played a tournament at Borgata last month, but I didn't cash," he said. "Unfortunately, this is the only event I had time to play this series as well."
