FRANK GENTILE WINS SIX MAX EVENT AT TURNING STONE

Poker supervisor from New York books an emotional win with a massive rail behind him

After a long day on the felt, an emotional Frank Gentile was victorious in Event #6: \$400 No-Limit Hold'em Six Max. With a big rail behind him for hours on the final table, Gentile booked his biggest, and first, tournament win for \$26,531 a World Series of Poker Circuit ring and a seat into the Tournament of Champions in July.

"Words can't describe it," said a teary-eyed Gentile. "I love this game. It's funny because I told my father last week that I was going to play this event, and I told him I'm winning a ring." Gentile did just that, and even dressed up wearing a tie in anticipation for the winner's photo. "I've heard that if you speak something into existence it comes true. And it came true," smiled Gentile.

The lead poker room supervisor in Nichols, New York talked about coming full circle in this industry. "I love this game so much that I decided to become a dealer and I started working here at Turning Stone, so that's just another level."
